Project Partner Search Form

☒ I offer my expertise to participate as a Partner in a Horizon Europe Project

☐ I am planning to coordinate a project and I am looking for Project Partners

TOPICS OF INTEREST

HORIZON-MISS-2027-02-CANCER-01 - 'Leveraging functional genomics to reveal novel targets for cancer treatment' (Horizon Europe Missions WP 2026-2027, Cluster 1 Health / Cancer Mission).
Our offered contribution: a jellyfish-derived (Rhopilema nomadica) experimental biological platform to investigate tumour vulnerabilities and treatment-response mechanisms, initially in hepatocellular carcinoma - supporting identification of novel therapeutic targets.
Partners sought: functional cancer genomics and gene perturbation; HCC and patient-derived models; longitudinal clinical cohorts / biobanks; multi-omics integration and bioinformatics; FAIR data management aligned with UNCAN.eu. We also seek an experienced European consortium coordinator.

PARTNER INFORMATION

Description of the Legal Entity

☐ Higher Education	☐ Research Institution	☐ Public Administration
☒ Industry /SME	☐ NGO	☐ Other: ***Please specify***

Description of the (Research) Team

Avigail Lab Meditech Group Ltd is a Jerusalem-based biotech SME developing Marine BioVenom, a biological cancer drug candidate derived from the venom of the jellyfish Rhopilema nomadica, with liver cancer as lead indication following feasibility work on four cancer types. The program is at the animal research stage, with encouraging preliminary in-vitro data from studies commissioned at Hadassah (concentration-dependent viability reduction in HepG2 and MCF7 cancer cells; preserved viability in HaCaT keratinocytes), and includes a special delivery system developed for the active compounds.

Expertise of the Team Leader

Avigail Osnat Anavi, CEO, Owner & Founder, leads the program's research partnerships, funding strategy (Israel Innovation Authority track) and development planning, and coordinates the academic and CRO collaborations around the platform.

Potential role in the project
